

MONDAY, SEPT 16

BEST OF NORTHERN

COLORADO

Visit all five locations on our full day tour!

Weld County HHW

We will learn the history behind the two HHW facilities that Weld County owns, the operations of the facilities, and information about waste generated by residential and VSQG customers.

Larimer County HHW & Garbage Garage

Join us for a look around the Larimer County Garbage Garage Education Center and find out how the facility won an award from the EPA for the unconventional and creative approach to environmental education.

Colorado State University – Chemical Management Division

You are about to get back to school! We are visiting The Chemical Management Division of Colorado State University. Find out about the training of hazardous waste management and how the university manages and disposes of hazardous waste generated by different departments.

IT Refresh

Learn how IT Refresh implements strategies to overcome the challenges that the e-waste industry has experienced this last year without compromising their sustainable practices or the quality of services offered to customers!

New Belgium Brewing

The beer culture today goes beyond flavors, colors, and bubbles! It involves responsibility for the environment. During our visit to New Belgium, we are going to learn about the comprehensive environmental metrics implemented by the brewery to reduce waste and protect natural resources.
